

Recreate the magic of festivity with Gold Class surround sound

For a company that strives to provide the listener an enhanced music listening experience since 2004, here's a unique addition to its already popular and superior product line. The recent introduction by F&D is the phenomenal F3333U, a 5.1 home theatre speaker. Meant to adorn your beautiful houses, the home theatre package is pertinently designed by experts which certainly looks as amazing as it sounds.

This exceptional creation entails a 2.5" full range driver for satellites and 5.25" bass driver for subwoofer. The subwoofer, front, center and surround speaker are collectively designed to give you the best music listening experience in the comfort of your home. The F3333U is equipped with an aesthetic cubic design satellite and a unique rhombic metal grill design. To ensure customer accessibility, the speaker is built with a USB and SD card reader. Importantly, the USB reader supports MP3/WMA dual formats.

For all those who love to enjoy their cup of tea with the Radio Jockey, the F333U can store up to 100 radio stations. The system promises uninterrupted digital FM, which boasts of working on PLL technology that achieves improved performance.

Loud music listeners can rejoice as the massive wooden cabinet sub-woofer ensures the delivery of heart-pounding bass. Scoring high on user interface and convenience, the F333U comes along with a full function remote control. This important addition enables the listener to switch songs and radio stations with ease by just pressing the keys on the remote.

A perfect mood amplifier for music listeners, the home theatre speaker is cautiously built with high efficient energy design. Priced at Rs.6990/-, this 5.1 home theatre speaker F3333U offers quality, class and expedience, all at an affordable cost.
