

## High Performance Dock Speaker: A dock for good times

Music player accessories and complementing gadgets have long become must-haves in every tech-lover's minds and shelves and F&D has been further encouraging this tendency by introducing irresistible products for your phones and MP3 players. The latest in line is the i226, a compact new dock for iPhone and iPod.

Offering impressive flexibility in accessing audio content, this suave docking station gives you the freedom to take your music anywhere and enjoy high-quality sound, a hallmark of F&D speakers. Doubling up as an alarm clock and a radio, it looks uber-cool be it on your home shelves or on your trip out with friends.

Compatible with iPod/iPhone models including iPhone 4 and iPod touch fourth generation, here's a dock you can easily park your player at and enjoy music. The i226 is a tabletop dock featuring dual 2" full-range drivers for powerful sound and has a remarkably wide sound stage.

For the aesthetically concerned, it gives an elegant yet stylish vibe to any living space. With 6 watts RMS power output, this station delivers crisp, rich bass tones for a complete listening experience. Quite apt that its dual alarm clock with a large LCD display is sharp, because you are well likely to get carried away and lose track of time.

Priced at Rs 4,990, the i226 is undoubtedly the most attractive buy in its category .

### About F&D:

Established in 2004, Fenda has been dedicated to bringing a quality sound experience to the Indian market. Its brand F&D, under which it markets its multimedia and laptop speakers and docking stations, has since grown into offering more than 30 products, which are today available at all major electronic stores and dealer locations across India. Focused on customer feedback and being developed at high-tech labs, Fenda's products deliver crystal clear sound and come in a stylish design.
